About StudentAccess

Heiberg Consulting, Inc. has been providing products and services to the educational, TRiO and GEAR-UP communities for over 12 years. Student-Access (SA) is a complete line of student and service tracking databases. As former employees of a TRiO program at Colorado State University, we understand the importance of a reliable, effective means of recording student data. StudentAccess was developed to provide you with quick and easy access to your information as well as to automatically generate your annual report. It is currently being used by thousands of people nationwide. Find out how StudentAccess can benefit your program.

About SA GEAR-UP

SA GEAR-UP is a web based solution focused on the specific needs and challenges of GEAR-UP partnership grants. Our student tracking solution allows staff and administrators to securely and easily view or enter student data from any computer that has internet access. All student data is stored on our secure servers and is available 24 hours a day, 7 days a week.

Drill Down Reports offer a layered view of your data. How do they work?

Drill Down Reports start with a summary and allow you to select an item to drill down to another layer of detail. Depending on the report there can be multiple layers of detail to drill down into.

Below is an example of a Contacts Summary Report showing the summary level and the next level of detail for two different types of contacts that students have participated in.

Contacts Summary, Section IV.3

Type of Service	Num of Students	Count of Co
(none recorded)	5	
(none)	1	
Accounting	10	
Chemistry	9	
College Preparation	11	
Family Activities	4	
Family Activities -RMS	1	
History	2	
Mathematics	13	
Meeting with Parents	2	
Physics	5	
Preparation		
Quickbooks Training with

Dynamic Report Generator. What does it do?

The Dynamic Report Generator (DRG) allows you to create your own reports that contain up to 10 different pieces of information related to your students. You can also apply filters and sorting levels. Reports can be previewed on your screen or you can export the data to an Excel file on your computer!
